Departmental Activities of
A.Y 2024-25

World Environment Day Celebration

Date:- 05/06/2024

Tree plantation in College campus

On the occasion of World Environmental Day the tree plantation is done in college campus. The Director of the institute Dr. Mohan Vanarotti has actively participated in the tree plantation drive held on the college campus, emphasizing the importance of environmental sustainability and green initiatives. Also Head of Department Dr. Saurabh Joshi has participated in plantation drive.

Expert Lecture on, “Industry expectation from students”, By Mr. Suhas Pakhare

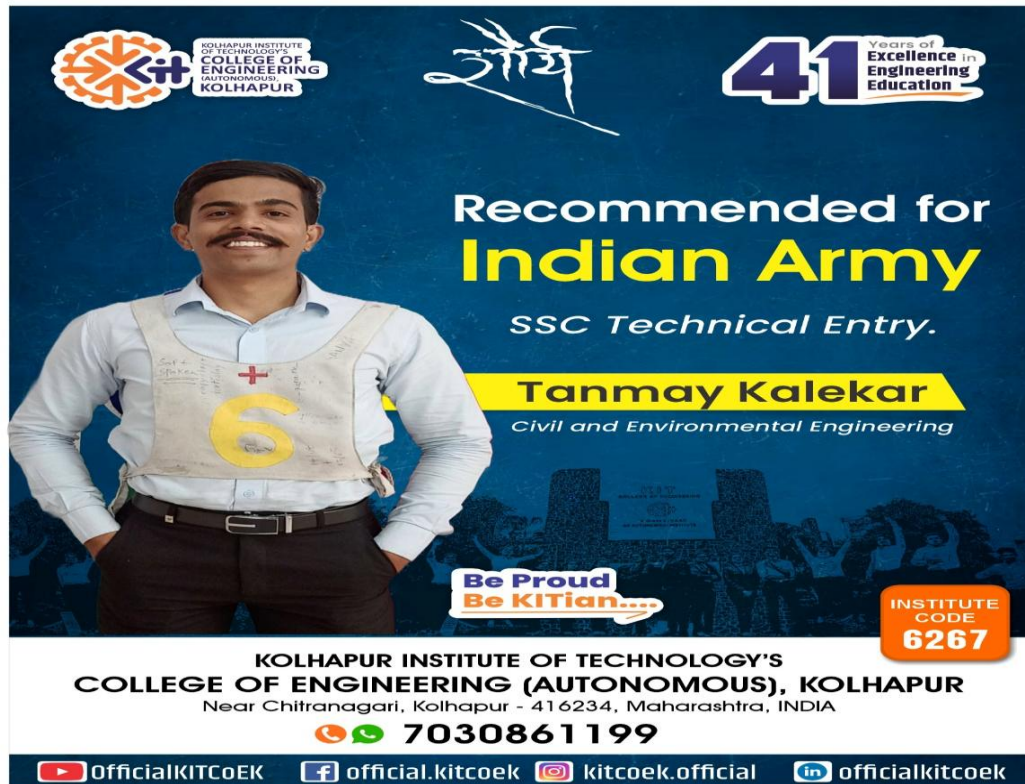

Date:- 20/08/2024

Mr. Suhas Pakhare an eminent recourse person having 30+ years of experience various industries like John Dear, Reliance and Many more has delivered an insightful lecture on the expectations of the corporate sector from students, highlighting the skills and attitudes required to succeed in the professional world

Alumni Interaction by Mr. Tanmay Kalekar

Date:- 03/09/2024

The poster features a man in a white shirt and brown trousers, wearing a white vest with a red cross and the number '6'. He is smiling and standing with his hands on his hips. The background is dark blue with a cityscape silhouette. Text on the poster includes: 'KOLHAPUR INSTITUTE OF TECHNOLOGY'S COLLEGE OF ENGINEERING (AUTONOMOUS), KOLHAPUR' at the top left; '41 Years of Excellence in Engineering Education' at the top right; 'Recommended for Indian Army' in large yellow letters; 'SSC Technical Entry.' below it; 'Tanmay Kalekar' in a yellow box; 'Civil and Environmental Engineering' below that; 'Be Proud Be KITian...' in a blue box; 'INSTITUTE CODE 6267' in an orange box; and contact information at the bottom: 'KOLHAPUR INSTITUTE OF TECHNOLOGY'S COLLEGE OF ENGINEERING (AUTONOMOUS), KOLHAPUR Near Chitranagari, Kolhapur - 416234, Maharashtra, INDIA', '7030861199', and social media handles 'OfficialKITCoek', 'official.kitcoek', 'kitcoek.official', and 'officialkitcoek'.

Mr. Tanmay Kalekar Recommended for Indian Army by SSC Technical Entry pass out batch 2019 has given insights on how to do preparation for SSC examinations. Also, he has shared his experience in Indian Army.

One week Workshop on Sustainable Sanitation and Water Management by ECOSAN Services Foundation, Pune

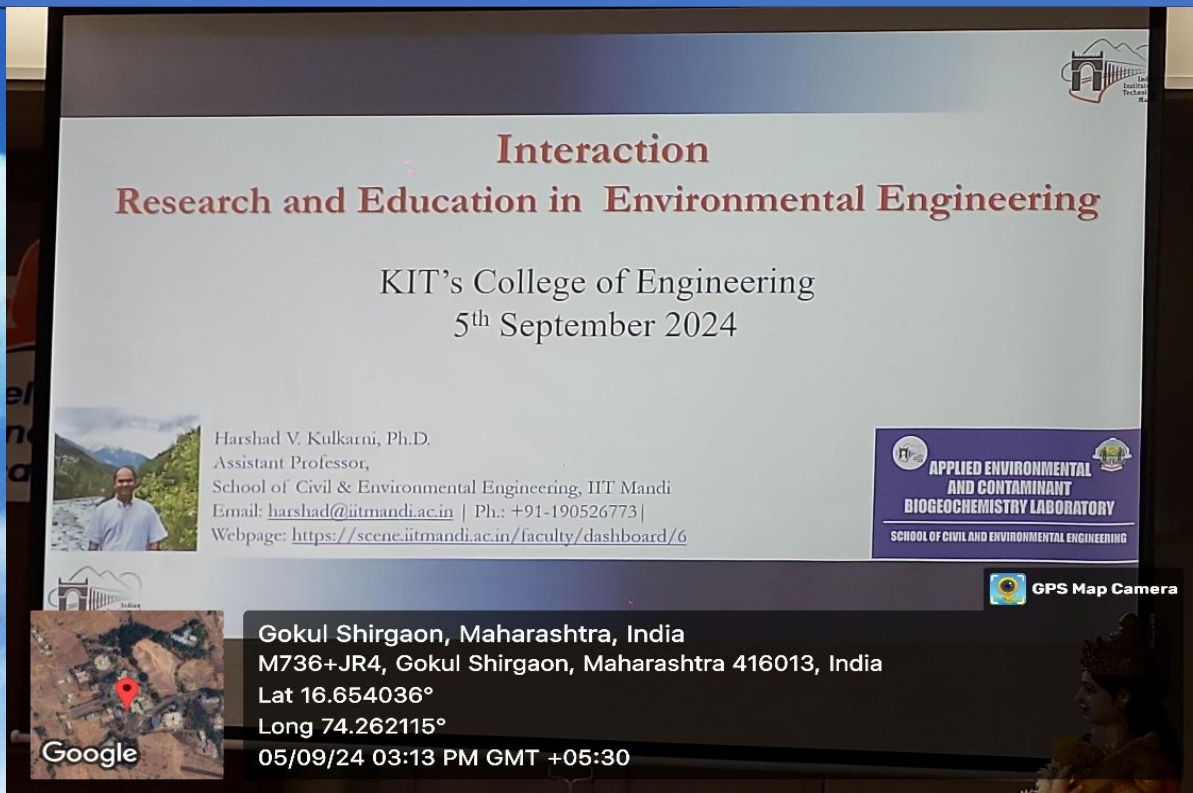

Date:- 19th to 23rd September 2024

One week workshop is organized department on topic "Sustainable Sanitation and Water Management". The experts were invited from ECOSAN Services Foundation, Pune. In this workshop all students of TY class has participated actively have performed various activities. Along with workshop our institute has sign 3 MOU's with organization.

Expert Lecture on, “Research & Education in Environmental Engineering”, By Dr. Harshad Kulkarni.

Date:- 05/09/2024

An expert lecture is arranged on topic “Research & Education in Environmental Engineering” by Dr. Harshad Kulkarni who is working as an Assistant Professor in IIT, Mandi. He is also a proud alumni of Department of Civil & Environmental Engineering. He has given very insightful thoughts on research opportunities in Environmental field. Also, he has given some insights of his research work related with microplastic impact on Himalaya.

PBL Day

Date:- 28/11/2024

PBL day were celebrated in the department. For this Industry expert has evaluated the various projects done by students through out the semester. Based upon this the best project group is declared as a winner of PBL.

Alumni Interaction by Tejaswini Nayak

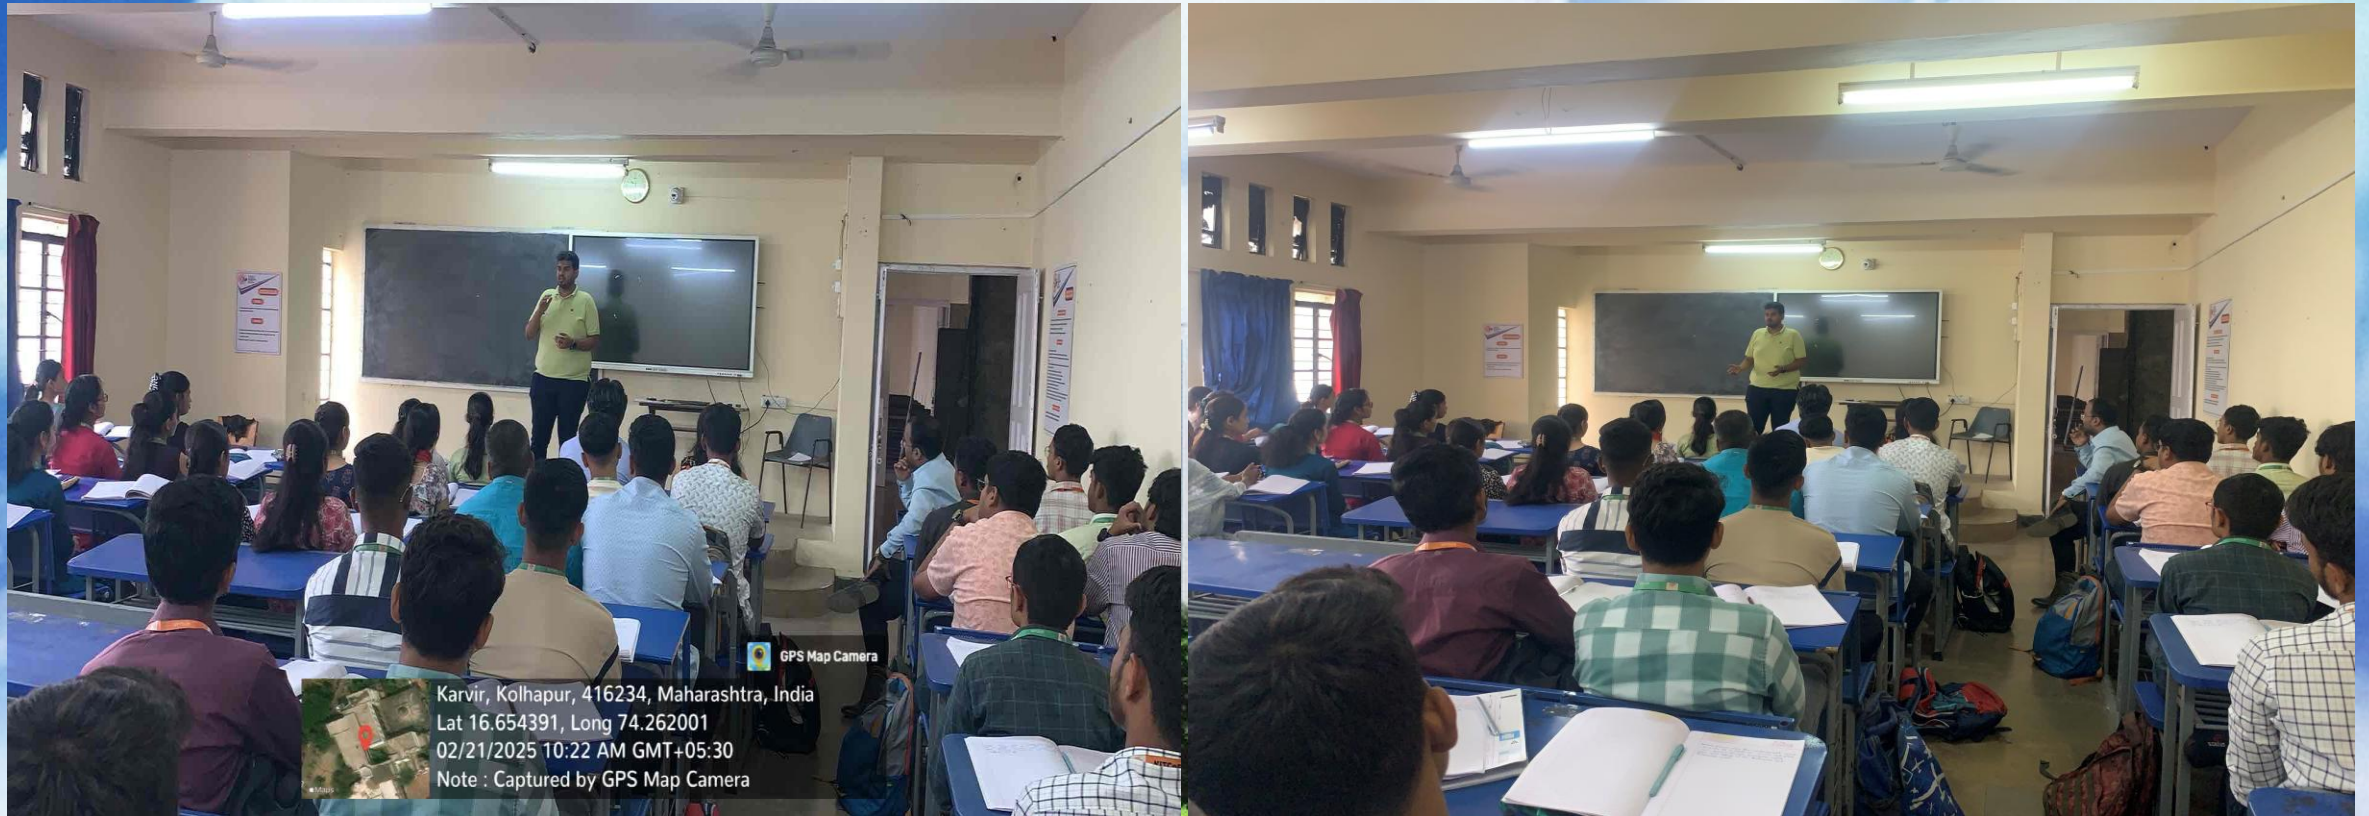

Date:- 21/02/2025

Tejaswini Nayak is an alumni of Civil & Environmental Engineering Department. Currently she is working in Cummins India Pvt. Ltd. In the field of Environment. She has shared her experience of industry and given insights on how to appear for campus placement drive.

Alumni Interaction by Piyush Goyal

Date:- 21/02/2025

Piyush Goyal is an alumni of Civil & Environmental Engineering Department. He has given his insights on preparation for GRE and other examination for the students. The interaction was mainly focused on the higher education after bachelors degree.

Site Visit at Kalamawadi Dam

Date:- 06/05/2024

Site visit of SY students were conducted at Kalamawadi Dam. From the visit students came to know about various components of Dam. The structural feature of Dam. For this visit Dr. Akshay Thorvat, Mr. Pramod Jadhav and Dr. Manoj Yadav has taken initiative and conducted site visit successfully.

Mock Interview of T.Y B.Tech Civil & Environmental Engineering Students

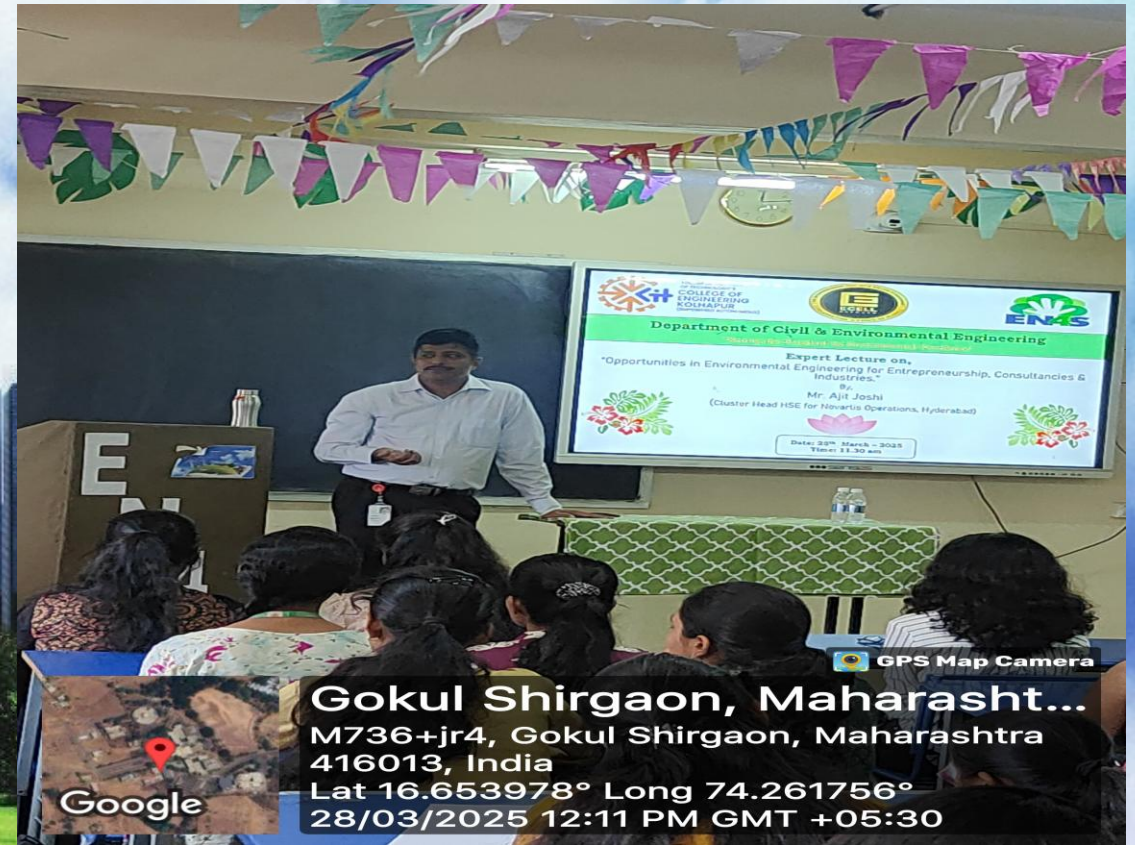

Date:- 28/01/2025

To check the industry readiness of Third Year students of department the Mock interviews were conducted by Mr. Suhas Pakahre. Mr. Suhas Pakhare has provided very detailed report of each student regarding their strong and weak points which will be very helpful for to student to improve their performance in placement activities.

Expert Lecture on, “ Opportunities in Environmental engineering in Entrepreneurship, Consultancies & Industry” by Mr. Ajit Joshi

Date:- 25/03/2025

An expert lecture on “Opportunities in Environmental Engineering in Entrepreneurship, Consultancies & Industry” was delivered by Mr. Ajit Joshi, offering valuable insights into emerging career paths and business prospects within the environmental engineering sector.

Expert Session on, “Product it’s design and development process & Attaining Market Fit” by Dr. Manjussa N. Sarnobbat

Date:- 17/04/2025

Dr. Mrs. Manjussa N. Sarnobbat
Innovation Ambassador

17 April 2025 | **ENCR 02** | **11:15 am Onwards**

Dr. Mrs. Manjussa N. Sarnobbat
Innovation Ambassador,
Department of Civil and Environmental Engineering

Dr. Saurabh S. Joshi
Head of the department,
Civil and Environmental Engineering

Dr. Manjussa N. Sarnobbat is currently working as an Assistant Professor in Civil & Environmental Engineering Department has delivered expert session on “Product it’s design and development process & Attaining Market Fit”. This session was very helpful for students to get insights of development of new products.

Alumni Interaction by Sandhya Kalantre

Date:- 25/02/2025

Sandhya Kalantre is an alumni of department of Civil & Environmental. Currently she is working in Godrej company in field of EHS. She has given insights about the requirement from students in particular domain. This session is conducted for TY students.

“INTRODUCTORY WORKSHOP ON LIFE CYCLE ASSESSMENT:A STEP TOWARDS SUSTAINABILITY.” at NICMAR University, Pune.

Date:- 15/02/2025

The students of S.Y & T.Y Civil & Environmental has participated successfully in workshop organized on topic,“ Life cycle assessment : A step towards Sustainability.” at NICMAR University, Pune. For this workshop Mr. Prasad Jadhav has worked as coordinator. In this workshop student has got insights about LCA.

Noise level monitoring for various zones of Kolhapur city done by TY students

Date:- 08/04/2025

The students of T.Y Civil & Environmental has done Noise level Monitoring for various zones of Kolhapur city as part of Environmental Monitoring lab. For this activity Mrs. Parul Saler has worked as an expert and guided student regarding Noise level Monitoring at various zones of Kolhapur city.

Hands on training for Faculty members on Total Station

Date:- 14/01/2025 to 16/01/2025

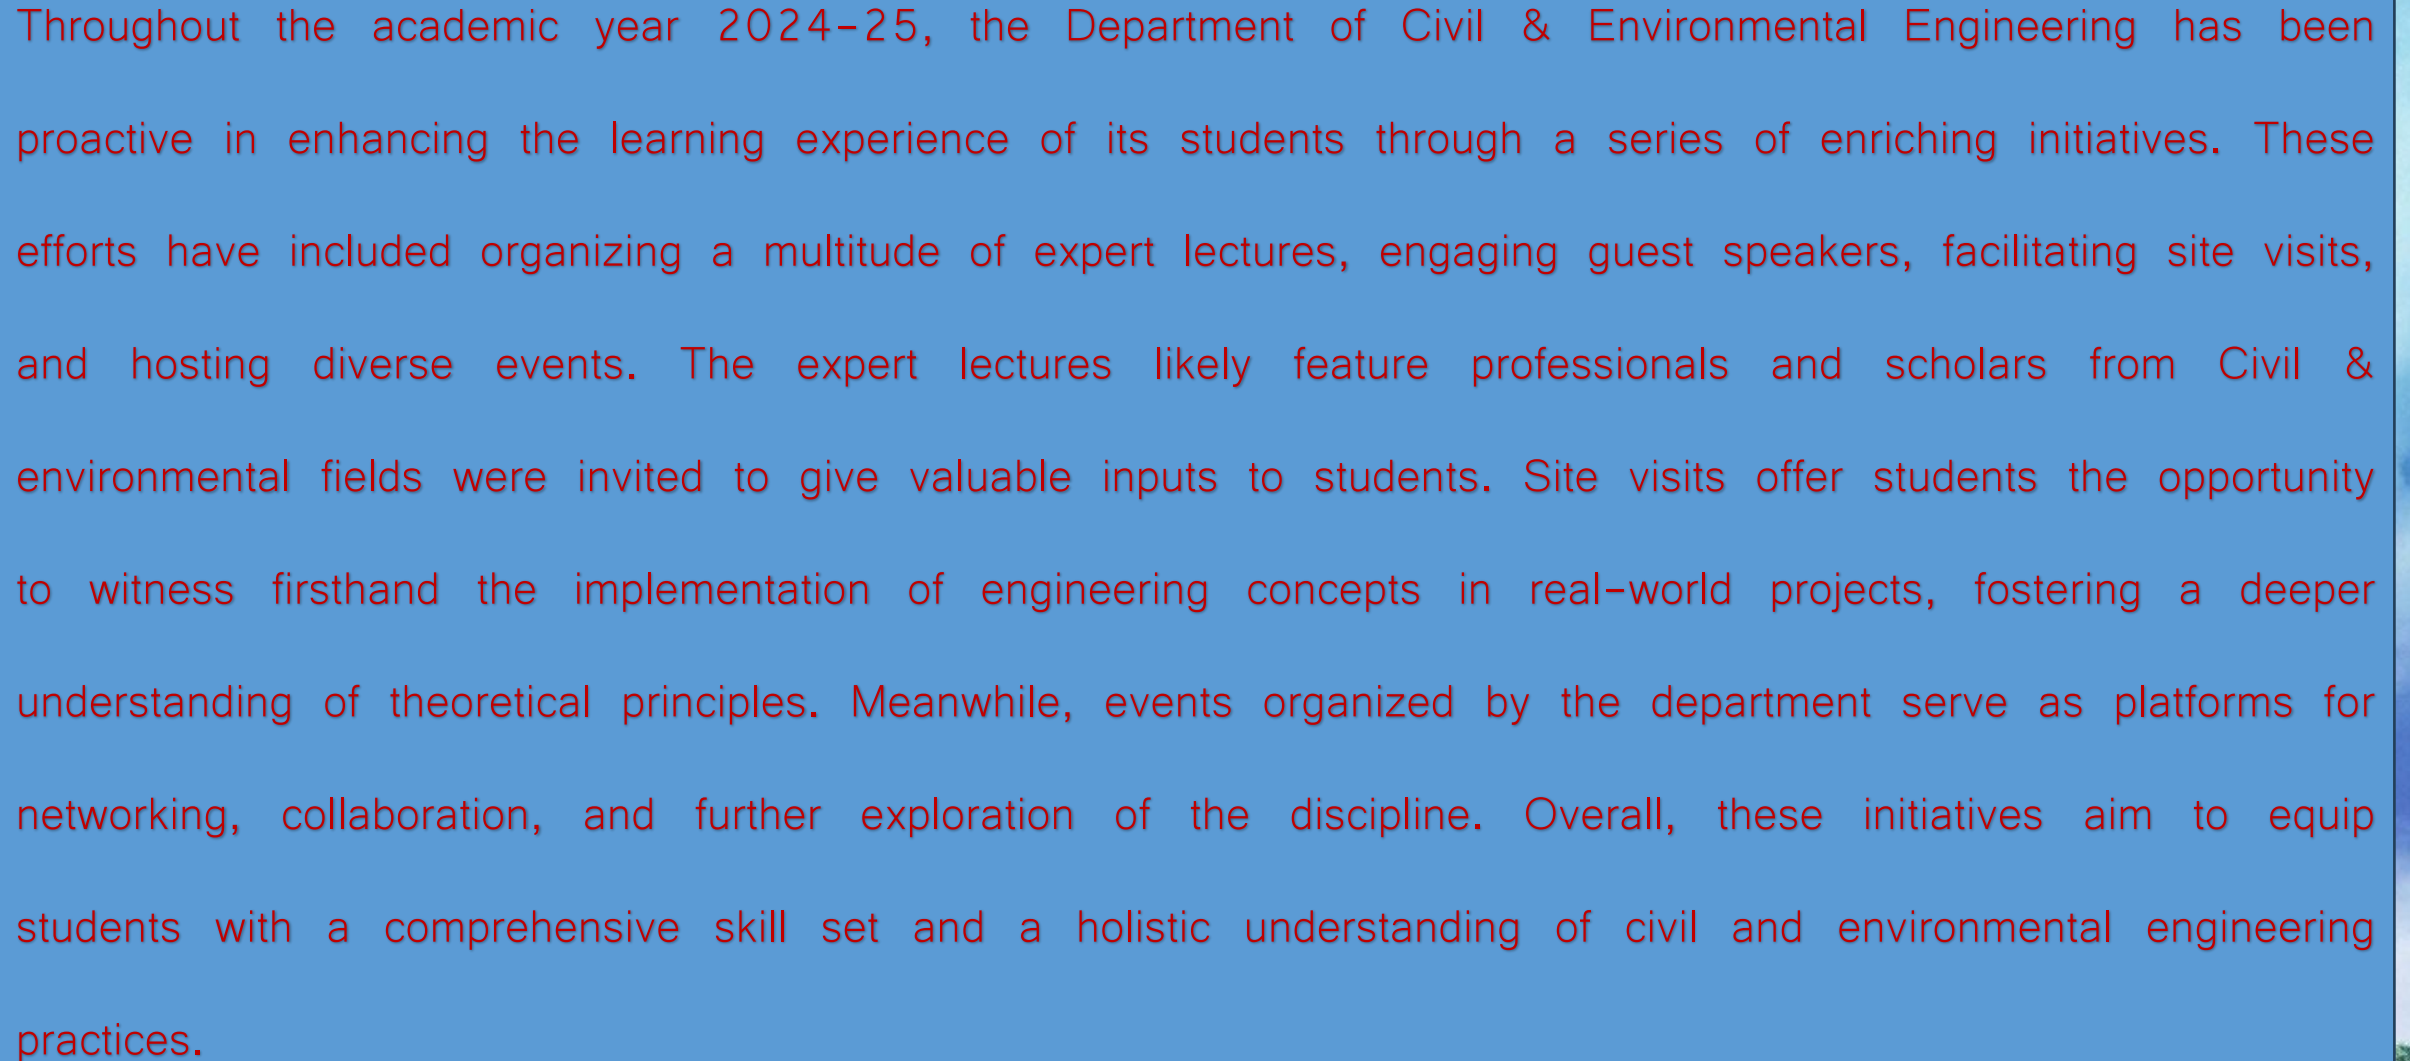

The workshop is conducted for hands on training on station for faculty members of Civil & Environmental Department.

PBL Day

Date:- 26/04/2025

PBL day were celebrated in the department. For this Industry expert has evaluated the various projects done by students through out the semester. Based upon this the best project group is declared as a winner of PBL.

Throughout the academic year 2024-25, the Department of Civil & Environmental Engineering has been proactive in enhancing the learning experience of its students through a series of enriching initiatives. These efforts have included organizing a multitude of expert lectures, engaging guest speakers, facilitating site visits, and hosting diverse events. The expert lectures likely feature professionals and scholars from Civil & environmental fields were invited to give valuable inputs to students. Site visits offer students the opportunity to witness firsthand the implementation of engineering concepts in real-world projects, fostering a deeper understanding of theoretical principles. Meanwhile, events organized by the department serve as platforms for networking, collaboration, and further exploration of the discipline. Overall, these initiatives aim to equip students with a comprehensive skill set and a holistic understanding of civil and environmental engineering practices.

*Thank You
for Visiting*
