Annual Report of Activities conducted by Walk With World

Walk With World is a student-run organization with the motto "**By the Students, For the Students**". Relentlessly working for 12 years, the committee conducts multiple events and sessions for the welfare of the students in every aspect. As the tradition continues, this year we again organized 4 different committees from which two were college level and two were international events. This year we organized the following 4 different activities:

Sr. No.	Activity	Date
1.	Sprinters 2024	22 nd & 23 rd September, 2024
2.	ABHIGYAN 2024	1 st December 2024
3.	Flyers 2025	9 th & 10 th February, 2025
4.	KITMUN 2025	12 th , 13 th & 14 th April, 2025

With the starting of our term, we initiated with our first college level event, the **Sprinters-2024**. The event is exclusively designed and curated for first year students to upgrade their knowledge with corporate soft-skills. For this year, on the first day we organized a lecture series from third year students on the topics **Effective Communication, Networking and Socializing** and **Technical Skills**. On the second day we organized a fun activity of **Treasure Hunt** within the college after which a lecture is conducted on the **Four Years of Engineering**. Also, a guest lecture of **Mr. Dhruv Mohite (VW Factory Racer, Young Entrepreneur)** was organized. With **251 active and happy participants** the event was a grand success.

After the grand success we continued with the organisation of the **International Student Conference ABHIGYAN 2024**. This conference provides a platform for students to interact with various dignitaries from diverse field. For this year we invited **Mr. Kshitij Patwardhan** (Indian screenwriter, director, playwright and lyricist), **Mr. Koushik Marathe** (Cotton-King), **Mr. Rajendra Singh** (Conservationist, Environmentalist), **Adv. Ujjwal Nikam** (Indian special public prosecutor), **Abhijeet Kandakekar** (TV Actor). With the presence of nearly **800 students and professionals**, the event took place successfully at the **Hotel Sayaji, Victoria Banquet Hall, Kolhapur** on **December 1st, 2024**. With the strong support of the college management and our sponsors the event got a huge success.

With this we continued to our next event the **Flyers 2025**. The event was prior designed especially for second year students. But this year tried doing something new, we opened this event for the students of all the academic years. Where we implemented a lecture series for developing **awareness among the students regarding Masters and**

abroad study on the first day. For the activity we called upon the professionals from **Eduallinace-Study Abroad Consultancy**. With this the topics like **Resume Building, Corporate etiquettes, corporate social responsibility** were covered in further lecture series. For a fun activity on second day, we simulated an interview process to get the students an idea about how the actual interview process works. Also, a guest session was conducted by Mr. Anil H. Shinde (Director of Kolhapur Airport, Airport Authority of India) who guided students about the future routes and different paths to choose as an Engineer. For the event we had **159 participants**. The event was also a huge success as students enjoyed the interview process and the guest lectures.

Last but not the least, we continued with the organisation of the last event of our tenure for the year 2024-2025, the KITMUN-2025. This event stands an international platform for nurturing diplomatic skills among students from various academic and political background. For the event we implemented four different committees in the event, those are, **UNSC (United Nations Security Council), UNHRC (United Nations Human Rights Council), Vidhan-Sabha & International Press (IP)**. These committees were governed by expert executive board members for each. This year with 138 participant delegates, the **KIT Model United Nations (KITMUN) 2025**, successfully held from **12th April to 14th April 2025**.

We thank our patrons **Mr. Dipak Chougule (Secretary, KIT), Mr Sachin Menon (Vice Chairman, KIT), Mr, Sajid Hudli (Chairman, KIT)**, all the trustees board for the valuable guidance and support. Also we thank our Director **Dr. Mohan Vanarotti**, dean student activity **Dr Jitendra Bhat**, all the HoDs, all the Faculties and non-teaching staff for their valuable guidance and a strong support!

SPRINTERS 2024

Sprinters is a series of soft skill and personality development sessions specially designed and curated for First Year students. Guiding students to improve their personality and soft skill has always been the core motive of Sprinters.

Sprinters is a lecture series along with personality development activities for first year students to enhance soft skills. We introduce topics like Presentation skills, Interview skills, Resume building, etc. We also conduct activities through which students learn to develop confidence, presentation skill, communication skill and networking.

From 2019-20 we have also started introducing technical workshops for first year students. These workshops cover topics like graphics designing using Corel draw, Python, web designing, etc. We also conduct competition based on the workshops. We conduct these workshops to boost engagement and enthusiasm of the students in these workshops.

The main motive for introducing technical session along with soft skill session is to make students equally strong with technical knowledge and give them a sneak-peek with latest technology trends in engineering.

DAY 1 – SPARK THE VISION

The first day of the "Sprinters" event, themed "Spark the Vision," set the stage for an enriching and inspiring experience for all participants. The day was meticulously crafted to balance informative sessions, interactive activities, and skill-building exercises, creating an ideal mix of learning and engagement.

The event kicked off with a opening ceremony, led by the respected Director of the College. Throughout the day, the dedicated core team of WWW facilitated the sessions, ensuring a smooth and impactful experience for all attendees. This ceremony marked the start of an exciting journey, instilling a sense of purpose and enthusiasm for the sessions to come.

The day's first session, titled "Effective Communication," highlighted the vital role of communication skills in both academic and professional environments. The session delved into the significance of communication, covering various types such as verbal, non-verbal, and written forms, along with strategies to overcome communication barriers. To enhance engagement, participants took part in interactive games and activities aimed at reinforcing the concepts discussed, promoting collaboration and practical application of the skills learned.

The second session, titled "Networking and Socializing," focused on the significance of establishing connections during the early stages of an engineering career. It explored the reasons why networking is essential for first-year students, clarified the distinctions between networking and socializing, and emphasized their distinct roles in both personal and professional growth. Participants were introduced to LinkedIn, an essential platform for professional networking, and received guidance on how to create and optimize their LinkedIn profiles, laying the groundwork for their online presence. The session wrapped up with games and activities designed to improve networking and socializing skills.

The final session of the day, called "Technical Skills," was designed specifically for first-year engineering students, many of whom are just starting their journey into the technical field. This session offered a basic understanding of essential technical skills, suggestions for foundational courses in various departments, and an introduction to online platforms such as Coursera, Udemy, and LinkedIn Learning to help them master these skills. The goal was to provide participants with the knowledge and resources they need to effectively begin their technical journey.

Day 1 of "Sprinters" was a huge success, leaving participants feeling motivated and well-informed. The mix of sessions, interactive games, and practical takeaways made sure everyone walked away with a sense of accomplishment and enthusiasm for the next day.

DAY 2 – SPRINT TO DISCOVER

The second and final day of "Sprinters 2024," themed "Sprint to Discover," was the most dynamic and eventful day of the event, leaving a lasting impression on all participants. The day was thoughtfully organized to strike a perfect balance between activities, sessions, and inspiring talks, making it a well-rounded and unforgettable experience.

The day kicked off with a lively and engaging treasure hunt aimed at fostering teamwork and strategic thinking among the participants. Divided into smaller groups, participants navigated through a series of clues and challenges scattered throughout the venue. This activity not only served as an icebreaker but also encouraged collaboration and critical thinking under time constraints. The treasure hunt created a vibrant and energetic atmosphere, setting the tone for the rest of the day's activities.

After the treasure hunt, participants enjoyed a break also refreshments were provided. This informal session allowed everyone to exchange ideas and share experiences from the previous day, further strengthening the connections made during the event.

Following the break, the core team members of WWW held an engaging session called "Four Years of Engineering." This session laid out a detailed roadmap for students embarking on their engineering journey, addressing key topics like the dos and don'ts, how to balance extracurricular activities with studies, and tips for personal and professional development. The session's interactive format, featuring discussions and Q&A segments, helped participants gain a solid understanding of how to maximize their experience in engineering.

The event also featured speeches delivered by the Event Head, Vice Head, Faculty Coordinator, and the Director, who shared their insights and congratulated the participants for their enthusiasm. The event concluded on a high note with the announcement of the Treasure Hunt winners and the Best Participant awards.

The highlight of the day was an inspiring session by the guest, Mr. Dhruv Mohite, the Director of Shivaji Mohite Group and a three-time national champion. Known as India's youngest ITC (Indian Touring Car) Championship player.

GUEST – Mr. Dhruv Mohite

Mr. Dhruv Mohite began his speech by sharing insights from his college journey, reflecting on the challenges he encountered compared to the numerous opportunities and accessibility that students have today. He spoke about his extensive racing experience, having participated in over 200 races from a young age, and highlighted the valuable lessons he learned throughout that journey. Addressing life's pivotal moments, he emphasized the significance of recognizing entry and exit points and how to navigate them effectively. Mr. Mohite also spoke openly about overcoming mistakes, encouraging participants to see failures as stepping stones to personal growth. He inspired the audience to focus on their own development, stating that being "selfish" in terms of self-growth is essential. Additionally, he praised the field of engineering as one that promotes problem-solving and innovation, stressing the importance of building trust as a foundation for both personal and professional success.

ABHIGYAN 2024

On December 1, 2024, the lavish Victoria Banquet, Sayaji Hotel, Kolhapur, hosted the spectacular 12th edition of Abhigyan, the International Student Conference conducted by KIT's College of Engineering (Empowered Autonomous), Kolhapur. This year's conference, with the subject "Lecture Creates Future," was more than just a gathering; it was a celebration of creativity, intelligence, and vision.

Abhigyan 2024, which has a long twelve-year history of molding young minds, was created to provide a forum where young curiosity and global ideas might meet. The event was organized by **Walk With World (WWW)**, a program that seeks to close the knowledge gap between students and business executives by promoting hands-on learning.

Each of the conference's outstanding presenters, who are all industry titans, offered their perspectives, anecdotes, and important lessons. One of the most anticipated speakers was **Dr. Rajendra Singh**, a well-known water environmentalist who is known across the world as the "**Waterman of India.**" The crowd was greatly impressed by his moving speech about the urgent need for sustainable growth, environmental preservation, and community involvement. Dr. Singh encouraged the young people to take responsibility for the earth as well as their jobs, stressing that future aspirations must incorporate caring for mankind and the environment.

Renowned Special Public Prosecutor **Ujjwal Nikam** also gave a stirring speech. He discussed the relationship between justice, bravery, and civic responsibility, drawing on his experience managing some of India's most wellknown criminal cases. His presentation held the young audience's full attention and was both captivating and thought-provoking.

The renowned filmmaker, songwriter, and screenwriter **Kshitij Patwardhan** brought a fresh touch to the meeting. His conversation with the students was casual yet really inspiring. He emphasized the significance of passion, narrative, and expression in forming art and life via experiences from his artistic path.

The director of CottonKing, **Kaushik Marathe**, was another well-known speaker who discussed innovation, entrepreneurship, and the strength of homegrown companies. His talk focused on leadership, corporate sustainability, and maintaining moral principles while expanding internationally.

The biggest surprise of the day came with the unveiling of the surprise guest popular actor, RJ, and anchor **Mr. Abhijeet Khandkekar**. Known for his work in Marathi television and cinema, Mr. Khandkekar spoke briefly but meaningfully about chasing dreams, staying grounded, and being open to change. His humble and enthusiastic interaction was warmly received by the audience and added a vibrant touch to the event.

What made Abhigyan 2024 truly special was its massive student participation —the conference witnessed an overwhelming turnout of over 800 participants from across Maharashtra. The sheer energy, engagement, and curiosity of the attendees turned the event into an unforgettable experience.

The event's success would not have been possible without the generous support of our **esteemed sponsors**. **ICICI Bank** partnered with us as the **Title Sponsor**, backing the event's vision with immense belief. The luxurious and vibrant ambience was made possible by our **Venue Partner, Sayaji Hotel**. Spreading the conference's reach and voice was **Tomato FM**, our proud **Media Partner**. The aesthetic presence and team identity were shaped with the support of our **Clothing Partner, Major**, while **Purple**, as the **Hydration Partner**, ensured participants stayed refreshed and energized throughout.

In addition to these primary partners, we are sincerely grateful to all the **other sponsors and supporters** who extended their resources, trust, and encouragement to make Abhigyan 2024 a truly world-class experience. Their contributions—both big and small—were crucial in transforming the event from vision to reality, and we value their association immensely.

The careful planning wonderfully complemented the event's grandeur. A vibrant group of students and staff members organized Abhigyan 2024. Mr. Amar Tikole served as faculty coordinators & Mr. Prasad Jadhav served as faculty cocoordinator, while Mr. Shardul Sapkal served as Executive Head and Mr. Atharva Vaidya and Ms. Sneha Jagadale as Deputy Heads. Ms. Riya Powar, President of Walk With World, and Dr. Jitendra Bhat, Dean Student Activity at KITCoEK, oversaw and led the entire event.

Patrons of the institution, such as Dr. Mohan Vanarotti (Director, KITCoEK), Mr. Dipak Chougule (Secretary, KIT), Mr. Sachin Menon (Vice Chairman, KIT), and Mr. Sajid Hudli (Chairman, KIT), were instrumental in making the conference a success. The event was a huge success because of their unwavering support and faith in student-led projects.

Abhigyan 2024 saw the participation of hundreds of students not just from KIT but from other institutes across Maharashtra, all of whom registered with great enthusiasm. The registration fee was ₹650, and it included access to all speaker sessions, event materials, and refreshments. The buzz created by the event on social media was phenomenal, and the conference was widely appreciated for its thoughtful content and professional execution.

As the day drew to a close, it was evident that Abhigyan 2024 had accomplished more than what it had set out to do. It wasn't just a conference— it was a journey. A journey that allowed students to interact with stalwarts, gain new perspectives, and walk away with renewed motivation to shape a better world. The event stood as a testament to the power of collaboration, vision, and student leadership, making it one of the most impactful editions of Abhigyan to date.

संवेदनशील अभियंते पृथ्वीचा स्वर्ग करतील

जलतज्ज्ञ राजेंद्रसिंह राणा : के.आय.टी. तर्फे 'अभिज्ञान २०२४'

■ सकाळ वृत्तसेवा

राजेंद्रसिंह राणा
संवेदनशीलतेची जोड असली पाहिजे.

कोल्हापूर, ता. १ : 'विज्ञानाला संवेदनशीलतेची जोड असली पाहिजे. संवेदनशील अभियंते अधिक प्रगल्भपणे पर्यावरणीय समस्यांकडे पाहतील. त्यावरची उतरे शोधतील. माणूस आणि निर्माण यांच्यातील तादात्म्य भाव कायम ठेवून पृथ्वीचा स्वर्ग करतील,' असा विश्वास आंतरराष्ट्रीय जलतज्ज्ञ डॉ. राजेंद्रसिंह राणा यांनी व्यक्त केला. कोल्हापूर इन्स्टिट्यूट ऑफ इंजिनिअरिंग महाविद्यालयात (के.आय.टी.) झालेल्या १२ व्या 'अभिज्ञान २०२४' या कार्यक्रमात आज ते बोलत होते.

डॉ. राणा म्हणाले, 'पाणी हा निसर्गातील एक महत्त्वाचा घटक आहे.

यश पुढावे आणि अपयश पुढावे : पटवर्धन

■ या कार्यक्रमात लेखक, दिग्दर्शक क्षितिज पटवर्धन आणि प्रसिद्ध अभिनेते अभिजीत खांडेकर यांची मुलाखत प्रा. प्रमोद पाटील यांनी घेतली. यावेळी पटवर्धन म्हणाले, 'आयुष्यात येणारे यश हे पुढावे लागते. तर अपयश पुढावे लागते. आपल्या आवडीच्या क्षेत्रात तन्मयतेने काम करा. तुम्हाला आनंद आणि समाधान मिळेल.'

हवामान, पर्जन्य, शेती, अधिवास, जैवविविधता, संस्कृती अशा सर्वच घटकांवर पाण्याचा प्रभाव आहे. पृथ्वीच्या पृष्ठभागावर दिसणारे जलस्रोत आपण प्रदूषित करीत आहोतच, पण भूगर्भातील पाणीही आपल्या हव्यासामुळे कमी होत चालले आहे. भविष्यात भूगर्भातील पाण्यावरच जगाची अर्थव्यवस्था चालणार आहे. त्यामुळे आता अभियंत्यांची ही जबाबदारी आहे की, त्यांनी पाणी समस्येवरील शाश्वत उपाय मांडले पाहिजेत. आम्ही चंबळच्या खोऱ्यातील

नद्यांचे पुर्नर्जीवन करून दुष्काळी भाग जलसमृद्ध केला आहे. राजस्थानमधील जोहड या पारंपरिक तंत्रज्ञानाचा उपयोग करून पाण्याचे दुर्भिक्ष दूर केले.'

विशेष सकारा वकील अँड. उज्ज्वल निकम म्हणाले, 'जीवनात मी पुस्तकांबरोबरच माणसे वाचत गेलो. त्यामुळे मला निर्णय घेणे, बाजू मांडणे या गोष्टी करता आल्या. माणूस कधीच वाईट नसतो. त्याची वृत्ती वाईट असते, हे मला वकिली करताना उमगले. आपल्या विचारांमध्ये स्पष्टता असली आणि उद्देश चांगला असला की, कितीही

मोठी आव्हाने असली तरी आपण त्याला भिडू शकतो.'

'कॉटन किंग'चे कार्यकारी संचालक कौशिक मराठे म्हणाले, 'मन स्थिर ठेवून आपली आवड, अचूकता व चिकाटी यांची योग्य सांगड घालणे हाच यशाचा मूलमंत्र आहे.'

महाराष्ट्रभरातून या कार्यक्रमासाठी ८५० हून अधिक विद्यार्थी तर विविध उद्योग व्यवसाय क्षेत्रातील ५० हून अधिक प्रतिनिधी उपस्थित होते. यावेळी केआयटीचे अध्यक्ष साजिद हुदली, उपाध्यक्ष सचिन मेनन, सचिव दीपक चौगुले, उद्योजक मोहन घाटगे, महाविद्यालयाचे संचालक डॉ. मोहन कनोड्री, रजिस्ट्रार डॉ. दत्तात्रय साठे, विद्यार्थी अधिष्ठाता डॉ. जितेंद्र भाट व इतर विभागप्रमुख उपस्थित होते. Flyers 2025

Flyers is a transformative two-day flagship event meticulously crafted for second-year engineering students, organized by the esteemed **Walk With World Club** at KIT's College of Engineering, Kolhapur. Recognizing the transitional phase students face in their second year—where curiosity meets career contemplation—Flyers serves as a dynamic launchpad to propel them toward professional clarity and personal growth.

The event is rooted in the belief that early exposure to placement processes, higher education pathways, and modern industry tools can significantly influence a student's academic trajectory and future readiness. Flyers 2025 was thoughtfully designed to bridge the crucial gap between theoretical knowledge acquired in classrooms and the practical expectations of the real world.

It provided an immersive experience through sessions on trending technologies, soft skill development, career mapping, and global opportunities. By interacting directly with professionals, educators, and alumni, students were encouraged to explore diverse career avenues while developing confidence, leadership, and communication skills. Through Flyers, the Walk With World Club continues its mission to empower the next generation of engineers to dream boldly, prepare smartly, and thrive in a rapidly evolving global landscape.

One of the most engaging and enjoyable highlights of Day 2 was the **Interview Process Simulation Activity**, designed to mimic real-world hiring scenarios in a light-hearted yet impactful way. Students were grouped allowing them to step into an interviewee's shoes and better understand the dynamics of an interview from both perspectives. The activity not only sparked laughter and creativity but also helped participants break the ice, boost their confidence, and polish their communication skills in a relaxed, interactive environment.

DAY 1 – TAKEOFF TO CLARITY

Day 1 of Flyers 2025 was centered on providing students with clarity about their career options, higher education pathways, and the evolving expectations of the industry.

The day commenced with an insightful session by **Edualliance Educational Consultant Pvt. Ltd.**, where expert speakers guided students through the diverse avenues available for higher studies in India and abroad. From understanding standardized tests and scholarship opportunities to exploring trending global universities, the session helped students envision their academic future with greater focus and confidence.

Following this, an engaging **Resume Building and Interview Process Workshop** was conducted to introduce students to the essentials of professional presentation. Students learned **how to structure impactful resumes, craft compelling personal statements, and handle interview questions with clarity and poise**. The workshop was both practical and participatory, allowing students to ask questions, receive feedback, and practice mock scenarios in real time.

Adding a creative and thought-provoking touch to the day, a **short skit** was presented by the club members highlighting the **Corporate Social Responsibility (CSR) of Engineers**.

The performance **emphasized the role of engineers beyond technical problem-solving—underscoring their duty to serve society, design sustainable solutions, and uphold ethical responsibilities in every project they undertake**. The skit struck a chord with the audience and sparked meaningful conversations about engineering with a conscience.

DAY 2 – LANDING TO OPPORTUNITY

The second day of Flyers 2025 focused on preparing students for real-world opportunities through experiential learning and mentorship-driven engagement. The day began with a **Mock Interview**, where students participated in HR and technical interviews conducted by team members. Each participant received personalized feedback to refine their resume presentation and boost interview performance.

One of the most interactive and lively segments was the **Interview Process Simulation Activity**, where students took turns role-playing as interviewers, HR personnel, and candidates. This light-hearted activity infused the learning process with fun and creativity while helping students understand the perspectives on both sides of the interview table. It served as an excellent icebreaker and boosted participants' communication and presentation skills.

A later session featured a **lecture on Group Discussions and Debates**, equipping students with strategies to effectively express ideas, analyze problems, and collaborate in high-pressure scenarios. The training emphasized confidence, clarity, and critical thinking, which are essential traits for any recruitment or academic screening process.

An inspiring highlight of Day 2 was the **Guest Talk by Mr. Anil H. Shinde**, Airport Director of Kolhapur. With over 34 years of service in the Airports Authority of India, Mr. Shinde shared his incredible journey—from joining as an Air Traffic Safety Electronics Personnel after a diploma in electronics, to serving at prominent airports including Mumbai, Aurangabad, Pune, and various locations across India. His work on advanced aviation systems like Radars, ATC automation, Instrument Landing Systems, and major infrastructure projects such as Mumbai's ATC Skytower and the Lilabari Flying Training Organization showcased his deep technical expertise. He also shared insights into his leadership role in gifting Kolhapur a state-of-the-art terminal building and improving service quality at the airport. His story, rich with national and international certifications—including training at IIM Bangalore, Norway, and the Czech Republic—inspired students to pursue excellence with consistency and passion. His address concluded with a motivating message on embracing continuous learning and contributing meaningfully to nation-building.

GUEST: Mr. ANIL H. SHINDE (Airport Director, Kolhapur)

Having completed Diploma in Electronics, Mr. Shinde qualified a competitive exam to join the Airports Authority of India in 1991. Pursued BA in Economics for a passion. Served Mumbai's Ch. Shivaji Maharaj international airport, Ch. Sambhaji Nagar's, Chikalthana Airport, Civil enclave at Pune airport in Maharashtra. The postings outside Maharashtra was at Airports at Bhuj, Kutch, Gujarat, Lengpui, Aizawl, Mizoram and Lilabari, North Lakhimpur, Assam.

After the stint as an Airport Director at Lilabari airport, he is currently serving Kolhapur airport as an Airport Director since Sept, 2022.

Work experience includes working on Radars at Mumbai and Aurangabad airport, various communication navigation and ATC automation systems at several airports.

Mr. Shinde has an excellent experience on projects such as Mumbai ATC Skytower, MSSR at Aurangabad Airport, Instrument Landing Systems has put all the skills to test.

He has undergone several trainings and certifications in aviation services as well as management at Civil Aviation Training College, Prayagraj, Indian Aviation Academy, New Delhi, Factory Training on ILS at NORMARC, Oslo, Norway, on PSR/MSSR radars of ELDIS (Czech republic) at Mumbai and Aurangabad and a coveted two week module on Aviation Management at IIM Bangalore.

Mr. Shinde has qualified almost all the Proficiency Ratings as an Air Traffic Safety Electronics Personnel. There is at least one certificate every year to update and upgrade, to lead a tech savvy life. Setting up North East India's first Flying Training Organization at Lilabari airport was a feather in my hat. We have taken up similar one at Kolhapur airport too.

Teaming up with fellow colleagues in gifting a magnificent terminal building to Kolhapurkars is one of the most cherished dreams come true. Maintaining high standards of services at Kolhapur airport has fetched us a CSI rating of 4.53 against last year's 3.87.

KITMUN 2025, the Model United Nations conference organized by the *Walk With World* club of Kolhapur Institute of Technology's College of Engineering (Autonomous), stood as a beacon of student-driven intellectual leadership. Spanning three days — 12th to 14th April 2025 — the event brought together aspiring diplomats, debaters, policy enthusiasts, and creative writers under one roof to engage in simulated parliamentary and international committee sessions. With the tagline ***"Poise | Accord | Emanation"*** and the empowering message ***"Your Opinion Matters!"***, the event not only echoed the voices of tomorrow's changemakers but also polished their leadership, diplomacy, and problem-solving capabilities.

Backed by experienced faculty coordinators, esteemed patrons, and a passionate student organizing team, KITMUN 2025 was executed with high precision, collaborative enthusiasm, and a commitment to quality deliberation.

KITMUN 2025 featured **four distinct committees**, each meticulously designed to address critical global and local concerns. The delegates participated in structured debates and drafting of resolutions, immersing themselves in real-world problems and solutions.

1. United Nations Security Council (UNSC)

Agenda: *Assessing the Viability of Ceasefire Frameworks, Hostage Diplomacy, and Resettlement Strategies Amid the Evolving Israel-Gaza-Lebanon Status Quo*

The UNSC committee delved into one of the most complex and pressing geopolitical conflicts in recent history. Delegates representing global superpowers and affected nations critically analyzed ongoing ceasefire efforts, humanitarian resettlement challenges, and the diplomatic intricacies of hostage negotiations. Intense debates arose around the role of regional powers, non-state actors, and international mediators. The final resolution proposed multi-staged ceasefire models, proactive diplomatic interventions, and UN-supervised humanitarian corridors.

2. United Nations Human Rights Council (UNHRC)

Agenda: *Addressing Human Rights Violations in War Zones: A Historical Analysis of the Indian Subcontinent and Current Global Conflict Situations*

This emotionally charged committee witnessed delegates confronting grim realities of human suffering in war-torn regions. Participants revisited case studies from Kashmir, Afghanistan, Syria, and the Rohingya crisis, reflecting on failures and successes in human rights enforcement. Delegates recommended reinforced monitoring by international bodies, stronger protections for civilians, and mechanisms for post-conflict justice.

3. Vidhan Sabha (Maharashtra State Legislative Assembly Simulation)

Agenda: शैक्षणिक आणि उद्योग क्षेत्रातील भयावह अवस्था, वाढत्या बेरोजगारीला जबाबदार कोण....?,

Conducted in Marathi, this committee brought the spirit of grassroots governance to life. Delegates assumed the roles of MLAs and state ministers, debating educational reform, skill development, industrial growth, and unemployment in Maharashtra. Several proposals emerged around youth employment schemes, MSME sector expansion, and revising technical education curricula. The realistic approach and use of regional language made this committee highly relatable and impactful for the audience.

4. International Press (IP)

Agenda: *Photography and Journalism*

The IP team formed the eyes and ears of KITMUN 2025. Equipped with lenses and notepads, they captured the energy of each committee session, drafted detailed daily newsletters, interviewed delegates and Executive Board members, and curated photo documentaries. Their output contributed not only to documentation but also to the event's narrative-building and media presence.

EVENT FLOW & HIGHLIGHTS

Day 1 – Inauguration and Commencement of Committees: 12th April 2025

Registrations started at 3:00 PM:

The first day of the Kolhapur Institute of Technology Model United Nations (KITMUN) conference began with an organized registration process at 3:00 PM, where delegates gathered and received their identification badges and conference materials.

Opening Ceremony: 4:00 PM:

On the Evening of 12th April, the event commenced with a formal inauguration graced by college dignitaries and faculty mentors. A ceremonial lamp-lighting followed by motivational addresses set the tone.

The director of KITCoEK, Dr. Mohan Vanarotti then took the stage to share his invaluable insights and guidance with the young delegates. His speech emphasized the importance of global cooperation, the role of the United Nations, and the need for the youth to actively participate in resolving international issues. He inspired the attendees with his vision for a better future led by informed and proactive young leaders

Following speech of Dr. Vanarotti, the conference was officially declared open by **Mr. Nihal Jamadar** – Secretary General, KITMUN. Committees were further commenced with delegate orientation and moderated debates. The buzz of parliamentary procedures, gavel knocks, and diplomatic rhetoric filled the air.

Refreshments and Committee Briefings:

During this time, important information regarding the conference schedule and committee allocations was provided to the delegates. After the briefing, refreshments were served, allowing participants to mingle and network. Each participant received detailed instructions and materials pertinent to their respective committees, including UNSC, UNHRC, Vidhansabha, and the International Press.

Day 2 – Core Deliberations and Crisis Management: 13th April 2025

Breakfast started at 8:15 AM

The second day of the Kolhapur Institute of Technology Model United Nations (KITMUN) conference commenced with a hearty breakfast at 8:15 AM, providing delegates with the energy needed for the intensive sessions ahead.

Committee Sessions: 9:15 AM - 12:00 PM

Following breakfast, delegates proceeded to their respective committee rooms for the first round of sessions from 9:15 AM to 12:00 PM. Each committee delved into critical discussions based on their specific agendas:

- **UNSC (United Nations Security Council):** Delegates assessed the underpinnings of instability in the Israel-Gaza-Lebanon, focusing on factors such as geo-political conflicts, economic disparities, and foreign interventions. The discussions aimed at identifying root causes and proposing comprehensive strategies to enhance regional stability and security.
- **UNHRC (United Nations Human Rights Council):** The committee concentrated on a detailed review of the violations of human rights within the war zones especially in the Indian subcontinents.
- **Vidhansabha:** Under the agenda *शैक्षणिक आणि उद्योग क्षेत्रातील भयावह अवस्था, वाढत्या बेरोजगारीला जबाबदार कोण....?*, participants engaged in lively debates about the direction of development of education system in the context of policies and party dynamics. They discussed NEP 2020 policy impacts, electoral strategies, and the role of political parties in shaping sustainable development of education and industry at the state level.

Lunch: 12:00 PM - 1:00 PM

At noon, delegates broke for lunch, enjoying a variety of dishes while continuing informal discussions and networking.

Committee Sessions: 1:00 PM - 4:30 PM

The second session of committee meetings resumed at 1:00 PM. Delegates continued to build on the morning's discussions, drafting resolutions and seeking consensus on actionable plans.

Refreshments and Social Evening: 04:30 PM

After the afternoon session, refreshments were served, offering a moment of relaxation before the social evening. Delegates then gathered at the Open-Air Theatre (OAT) for a vibrant social event. The evening was filled with enthusiastic performances, including dancing and singing, showcasing the diverse talents of the participants and fostering a sense of camaraderie among all attendees.

The second day of KITMUN concluded with high spirits, as delegates bonded over shared experiences and prepared for the remaining sessions of the conference.

Day 3 – Drafting, Resolution, and Valedictory: 14th April 2024

Breakfast started at 8:15 AM:

The third and final day of the Kolhapur Institute of Technology Model United Nations (KITMUN) conference commenced with breakfast at 8:15 AM, marking the beginning of a day filled with impactful deliberations and concluding ceremonies.

Committee Sessions: 9:15 AM - 12:00 PM

From 9:15 AM to 12:00 PM, delegates engaged in the final round of committee sessions, focusing on concluding discussions and drafting resolutions on their respective agendas:

- **UNSC (United Nations Security Council):** Continued to assess the underpinnings of instability in the Israel-Gaza-Lebanon, emphasizing diplomatic strategies, conflict resolution, and regional cooperation to achieve stability.
- **UNHRC (United Nations Human Rights Council):** Further explored the integration of different policies and bills to mitigate the violation of human rights within the war zones.
- **Vidhansabha:** Concluded discussions on *शैक्षणिक आणि उद्योग क्षेत्रातील भयावह अवस्था, वाढत्या बेरोजगारीला जबाबदार कोण....?*, focusing on policy recommendations and the role of governmental officials for maintaining the good flow of education system to train the youth of Maharashtra.

Lunch: 12:00 PM - 1:00 PM

Following the morning sessions, delegates enjoyed lunch together, reflecting on their experiences and networking with fellow participants.

Afternoon Session: 1:00 PM - 4:30 PM

The afternoon session from 1:00 PM to 3:30 PM continued with committee discussions, where delegates finalized resolutions and prepared for the closing ceremonies.

Valedictory Ceremony: 4:00 PM

At 4:30 PM, the valedictory ceremony commenced with an opening note, followed by insightful remarks from the Chief Guest, Dr. Mohan Vanarotti, Director of KIT. Dr. Vanarotti shared his thoughts on the importance of youth engagement in global affairs and commended the participants for their dedication throughout the conference.

The Executive Board members were felicitated for their contributions, and prizes were awarded to outstanding delegates for their exemplary performance and diplomatic skills. Director General Ms. Nida Desai then officially declared KITMUN24 closed, concluding with a closing note celebrating the conference as a resounding success.

The three-day KITMUN conference concluded with delegates leaving inspired and empowered, having developed critical skills in diplomacy, negotiation, and global awareness.
